
Watercare's North Shore Trunk Sewer 8

Watercare Services Limited is responsible for providing water and wastewater services to the greater Auckland region and is undertaking a number of projects to increase its infrastructure network.

Greenwood Roche is advising Watercare on the construction of a significant new wastewater pipeline in the Northcote area. The project affects a number of properties including private and various forms of public land. Our work has included the acquisition of property rights to enter and construct the works, and issues relating to compensation.
