
Highbury Shopping Mall, Birkenhead

Greenwood Roche acted for the purchaser in the acquisition of Highbury Shopping Mall, Auckland. We are also assisting in the ongoing repositioning and redevelopment of the mall.

Our work included negotiating the terms of the agreement for sale and purchase, conducting an extensive due diligence investigation on all legal aspects of the property, instructing technical consultants and advising on various commercial property and business structuring matters.

We continue to assist with the new owner's expansion and redevelopment plans at the mall, including construction, new leasing and strategic land acquisitions.
